# DESIGNING EMOTIONS

Since Marie's Corners creation 30 years ago, we have chosen to rely heavily on our values and clear founding principles : craftsmanship, quality, guaranteed know-how, flexibility, proximity and European production in our factory in Zaragoza, Spain.

While sharing these values we have imposed ourselves as a referential brand in the sofa universe.

Both Belgian and international, the company has always outclassed itself by its power of adopting the different European influences to create its own style and its unique touch.

Cosy and contemporary. Chic and elegant. Marie's Corner offers unique, endlessly customisable armchairs based on production according to traditional methods. And with only one obsession in mind : the comfort.

The year 2022 will be placed under the sign of opening your mind, supported by dynamism and energy, both infused by the new ruling structure.

In an era of globalisation and the race to reduce costs, our values and choices may have come as a surprise at the time, but today, more than ever, they make sense.

If the brand establishment and its values in both tradition and authenticity remain rigorously the same, it will be a new wind blowing over Marie's Corner.

This year will be marked by the arrival of new models in innovative and refined shapes, a choice of continuous extensive workmanship and a continuous, even more focused and personal service, in order to allow you to create the sofa that meets your expectations at the utmost. Understanding your needs, and knowing we miss your presence, we will ensure a digital presentation of our new products all year around.

Marie's Corner Team is at your full disposal to ensure quality products, an unlimited variety of solutions and an impeccable service to carry out your project.

We hope you will appreciate our new models as much as we did when creating them!  
Designing Emotions that's we do best.

# MARIE'S CORNER'S DESIGNER, JAIME GUTIERREZ

Jaime Gutierrez has spent his whole life working with wood and other materials. His childhood spent in Spain still exudes the scent of wood that filled the air of the family workshop where he learned to create traditional Louis XV and Louis XVI type furniture pieces. Because his father worked as a craftsman for Marie's Corner since the company's infancy, it was quite naturally that Jaime should one day collaborate with the Belgian brand, thereby reinforcing a 25-year-old link.

Despite holding a Master's Degree in Law, Jaime never turned his back to his first love: wood. Inspired and seduced by the pure, singular and warm lines of Marie's Corner collections, he works increasingly closely with a brand that produces – in his words, *"typically-Belgian pieces that stands out from its European competitors"*.

Today, as the brand's official designer, Jaime wants to perpetuate the essence and novelty of the Belgian house while upholding its very high-quality standards.

He is intent on marking the house with his brand by incorporating new market trends and, as of 2021 has seen the emergence of new models, Jaime already initiated substantive work to redefine the collection and its typology.

*"The place of the sofa in 21<sup>st</sup> century homes has drastically changed. Today, the sofa is the most important piece of the living room, and must thereby draw all the attention."* Jaime sees each new model as the result of an intense reflection between the search for pure lines and obsession for comfort.

The designer grants an almost-maniac attention to details and to the harmony of proportions: seats, backs and armrests must come together in a timeless embrace that privileges natural elements and craftsmanship.

## PURE LINES AND OBSESSION FOR COMFORT

# WE ARE CRAFTSMEN AND PROUD OF IT!

## **QUALITY PRODUCTS : 100% CRAFTSMANSHIP**

In order to ensure the production excellence of the sofas and armchairs, each Marie's Corner product is entirely handcrafted.

We can count on an internal team of 30 Master-Decorators who are able to produce up to 12.000 pieces each year.

## **EXCLUSIVE AND TAILOR-MADE**

Since each item is unique and personalized according to your needs, Marie's Corner choice only works based on offers, never from stock. All is made on request, either as unique piece or in a requested quantity.

Since they are the owner of their production material, Marie's Corner also can adapt itself to respond to any specific request.

## **PRODUCTION MADE IN EUROPE**

Indeed, the choice of the designs, of the tissues and the materials is entirely ensured in Belgium, the production is effected in Zaragoza.

Since many decades, this Spanish region is the cradle of the production of artisan production and can count on a unique know-how of its craftsmen to guarantee an optimal quality level.

## **COMFORT AND QUALITY**

From design to finished product, over the choice of raw materials, Marie's Corner is driven by one obsession only : to ensure the quality and the comfort of its accomplishments.

As such, to each armchair a label of authenticity is attached, certifying the quality of the product and the name of its craftsman for a full traceability.

# A UNIQUE KNOW-HOW TO ENSURE QUALITY

# CONTRACT: COMMERCIAL AND RESIDENTIAL PROJECTS

Contract is a product line specifically proposed by Marie's Corner to public commercial areas. If you are responsible for the renovation of a top of the range hotel, the decoration of a restaurant, the set-up of a club-house or any other residential project, you can rely on the Belgian tailor-made sofa and armchair specialist.

As always, each piece is made by hand by specialized craftsmen and can be declined in a wide variety of finishing. On top of the constraints and norms of this sector, Marie's Corner proposes high-quality tissues adapted to any type of project: fire proof and stain proof treatment.

Marie's Corner also proposes a tailor-made creation service for any specific decoration request, such as a dining room bench or a unique breakfast corner.

Our "Archi Contract" goes one step further: our teams are at your disposal to integrate our furniture in your architectural plans, or even support you in the elaboration of the concerned plans.

The collection comes in different families. Together, they represent a selection of over 700 different fabrics that can be combined as the customer wishes for curtains, cushions, wall coverings and for the upholstery of our chairs and sofas. We also offer exclusive finishes in leather and skin...

## ABBOTT

A fabric that takes us back to the 50's by its structure and colours.

## GREY LINEN

*Albers, Alma, Apple, Balthus, Batoni, Boyd, Brown, Frank, Lam, Luini, Monet, Stuart*

A linen collection up to 30 shades of grey. This collection will help you to find the perfect natural grey linen effects.

## BEUYS

A dry linen with a pricked appearance as caviar.

## BUNDY

A finely woven linen, slightly sophisticated with multiple colours.

## COLOURS

*Gill, Haring, Warhol*

MC has always been renowned for its colours assortment. Three different handfeelings; a tribute to colours with a great washing effect!

## EDWARDS

*Edwards, Spencer, Ross, Barnes*

A colorful choice of contrasts and textures to personalize and give character to your interior.

## HOPPER

So British! A strict, warm and cosy but fluffy flannel.

## KELLY

*Corot, Kelly, Ming*

These 3 fabrics will appeal to your senses by being the basis for an infinite number of combinations of materials and colours.

## LEATHER

*Cherokee, Cheyenne, Sherpa, Shetland*

We do appreciate full aniline leathers with character! This brand new leather collection offers 4 different soft touch leathers with a warm handfeeling.

## MOON

*Ash, Brancusi, Flanagan, Marshall, Moon, Orlan, Saul*

Curls and velvet... A trend that has become particularly strong in recent times. Reinvention of a mythical era.

## NATURALS

*Balthus, Batoni, Braque, Brown, Chagall, Claudel, Courbet, Dali, Doyle, Frank, Gauguin, Giotto, Haring, Hopper, Ingres, Nash, Ramsay, Warhol, Wong*

Based on natural materials this collection is a mix of neutral colours such as white, off white and beige which remain us to earth tones.

## SAMARAS

A handmade and artisanal outlook, colourful enough to makes us travel.

## SHAW

A cotton linen blend, available in not less than 80 colours.

## TOUCH

*Daumier, Corot, Delaunay, Lautrec, Rubens, Raphael, Titien, Claudel*

The common point of all these fabrics in the «Touch» collection is a soft and velvety handfeeling, to offer you a more intense comfort feeling.

## VASARELY

A very soft but resistant cotton velvet of the most scenic effect, declined in 28 trendy colours.

## ~~WONG~~ **DELETED**

Despite its success, supply issues force us to permanently delete this collection.

## CONTRACT

*Bel-Air, Bristol, Costes, Fairmont, Fouquet's, Kempinski, Monceau, Ritz, Saint-james*

High-quality fabrics adapted to any type of project: fire proof, stain proof treatment, on top of constraints and norms.

## CONTRACT II

*Savoy, Claridge, Bulgari, Carlyle, Plaza, Eden rock, Mansour*

An assortment of new soft touch materials presented in trendy colors. Resistant and easy to maintain for contract and domestic use, they are cleanable simply with water.

Contract fabrics do not have to be boring! In addition to their fire retardant and easy to care qualities, the references we offer in our 2022 «Contract 3» collection, have nothing to envy to our other collections.

They will seduce you, thanks to their soft hand-feeling, their patterns and their structure, while offering technical properties.
